## User Feedback Form

Please provide your feedback regarding the feature(s) demoed for EZRxLookup by answering the questions below and including your comments.

Iteration:

3

1. Feature(s) demoed:

single Drug Search  
Drug status

2. Does the feature meet the criteria of the User Story(s)?

Overall - yes  
Seems to have one bug - ser "inground"

3. Does the feature meet expectations?

- Is the feature/application fast, simple and reliable?

yes - the design is simple and very clear  
all graphics / color / position are similar

- What do you like about the feature?

much easier to understand. Visual check  
more is quicker to understand than a list  
of counts

- What could be improved?

- A no match seems to return "Recall Found"  
should random on Step 1 and indicate "Not Found"  
- Correct link to submission a problem. Current  
link takes you to the overall webpage  
- Description - of link
